

**JSPS International Fellowships for Research in Japan**  
**JSPS Postdoctoral Fellowship for Research In Japan (Standard)**  
**Application through an overseas nominating authority**  
**Application Guidelines for FY 2018**

The JSPS Postdoctoral Fellowship for Research in Japan provides opportunities for young and excellent postdoctoral researchers from other countries to conduct, under the guidance of their hosts, cooperative research with leading research groups in universities and other Japanese institutions. The program allows such researchers to advance their own research while contributing to the progress of research in Japan and the counterpart countries.

## **1. FIELDS OF RESEARCH**

All fields of the humanities, social sciences, and natural sciences are included under this program.

## **2. ELIGIBILITY**

Each candidate for the Fellowship must:

- 1) Be a citizen of a country that has diplomatic relations with Japan (JSPS treats Taiwanese and Palestinian researchers in this manner) and possess either the nationality or citizenship of the nominating country or be a permanent resident of that country.
- 2) Hold a doctorate degree when the Fellowship goes into effect, which must have been received within six years prior to April 1, 2018 (i.e. awarded on or after April 2, 2012), or be scheduled to receive a doctorate degree before the Fellowship goes into effect.
- 3) Have arranged in advance a research plan with his/her host researcher in Japan.

### **[Note]**

- Those who have previously been awarded a fellowship under the JSPS Postdoctoral Fellowship for Research in Japan (Standard or Pathway) are not eligible.
- Those who do not meet the above nationality/citizenship requirement may apply for the program only if the competent nominating authority agrees to accept their applications. Such researchers may be nominated to JSPS so long as they do not reduce the number of nominees with eligible status. However, **researchers of Japanese nationality are not eligible, nor are those of dual nationality if one is Japanese. Also those who have permanent residency in Japan are not eligible.**
- You are not eligible to apply for the fellowship with the professional degree, such as a Japanese professional degree or JD/MD in the United States..

## **3. PERIOD**

From 12 to 24 months (full months)

## **4. STARTING DATE**

Fellows must start their Fellowship in Japan during the period of **1 April 2018 – 30 November 2018.**

### **[Note]**

- The amounts of the Awards indicated above are subject to change.

- A research grant, “Grant-in-Aid for Scientific Research” (*Tokubetsu Kenkyuin Shorei-hi*) is available to cover cooperative research-related expenses. Application for these grants is made by the host researcher through his/her institution.

## 6. HOST RESEARCHERS AND HOST INSTITUTIONS IN JAPAN

Host researcher must, in principle, be a researcher who is employed full-time at a university or research institution as specified in Article 2\* of the Procedure for the Handling of Grants-in-Aid for Scientific Research (Kakenhi), issued by the Ministry of Education, Culture, Sports, Science and Technology (MEXT).

However, there are cases when a researcher not employed in a full time position may be eligible. Such persons must be eligible to apply for a KAKENHI grant-in-aid and his/her affiliated institution must judge them able to implement the project and to provide an appropriate research environment (e.g., laboratory, equipment, personnel) for it.

\*Eligible host institutions specified under the above MEXT Procedure are as follows:

- 1) Universities and inter-university research institutes
- 2) MEXT-affiliated institutions engaged in research
- 3) Colleges of technology
- 4) Institutions designated by the Minister of MEXT

### [Note]

- Full-time employment classification is determined by the regulations of the host institution.

## 7. APPLICATION PROCEDURE FOR THE PROGRAM

Applications for this program must be submitted to JSPS through an overseas nominating authority. Application process is as follows:

- 1) Contact is made between an overseas researcher who wishes to conduct cooperative research in Japan and his/her prospective host.
- 2) The overseas researcher submits an application to a nominating authority.
- 3) Nominating authority conducts scientific evaluation to select the candidates and nominates them to JSPS.
- 4) **Approximately three months after JSPS receiving application from nominating authorities**, JSPS will send out a notice of selection decision to both the candidate and submitting nominating authority.

### [Note]

- JSPS does not find or introduce host researchers.
- Application deadlines and selection procedures differ by each nominating authority.
- When setting the starting date of fellowships, adequate time should be allowed for application processing: e.g., application screening by the nominating authority (depending on authorities) and selection decision-making by JSPS (app. three months).
- In addition to receiving applications through overseas nominating authorities, JSPS also accepts application from host researcher in Japan as an applicant (open recruitment) who agrees to host an overseas postdoctoral researcher.
